

Zero Addition

Find the sum.

$0 + 1 = \underline{\quad}$	$\underline{\quad} + 0 = 1$	$1 + 0 = \underline{\quad}$
-----------------------------	-----------------------------	-----------------------------

$0 + 2 = \underline{\quad}$	$\underline{\quad} + 0 = 2$	$2 + 0 = \underline{\quad}$
-----------------------------	-----------------------------	-----------------------------

$0 + 3 = \underline{\quad}$	$\underline{\quad} + 0 = 3$	$3 + 0 = \underline{\quad}$
-----------------------------	-----------------------------	-----------------------------

$0 + 4 = \underline{\quad}$	$\underline{\quad} + 0 = 4$	$4 + 0 = \underline{\quad}$
-----------------------------	-----------------------------	-----------------------------

$0 + 5 = \underline{\quad}$	$\underline{\quad} + 0 = 5$	$5 + 0 = \underline{\quad}$
-----------------------------	-----------------------------	-----------------------------

$0 + 6 = \underline{\quad}$	$\underline{\quad} + 0 = 6$	$6 + 0 = \underline{\quad}$
-----------------------------	-----------------------------	-----------------------------

$0 + 7 = \underline{\quad}$	$\underline{\quad} + 0 = 7$	$7 + 0 = \underline{\quad}$
-----------------------------	-----------------------------	-----------------------------

$0 + 8 = \underline{\quad}$	$\underline{\quad} + 0 = 8$	$8 + 0 = \underline{\quad}$
-----------------------------	-----------------------------	-----------------------------

$0 + 9 = \underline{\quad}$	$\underline{\quad} + 0 = 9$	$9 + 0 = \underline{\quad}$
-----------------------------	-----------------------------	-----------------------------

$0 + 10 = \underline{\quad}$	$\underline{\quad} + 0 = 10$	$10 + 0 = \underline{\quad}$
------------------------------	------------------------------	------------------------------
